

**Bardsey Primary School
Admissions Policy 2020-21**

The admissions policy for Bardsey Primary School for entry in September 2020

The Chief Executive of Leeds City Council makes all offers of a school place for Reception places as Leeds City Council is the admissions authority for these schools. Headteachers or school-based staff are not authorised to offer a child a place for Reception for September entry. The authority to convey the offer of a place has been delegated to schools for places in other year groups and for entry to Reception outside the normal admissions round.

Children with an individual education, health and care plan will be admitted to the school named on their plan.

Where there are fewer applicants than places available, all applicants will be offered a place.

Where there are more applicants than places available, we will offer to children in the following order of priority.

Priority 1

- a. Children in public care or fostered under an arrangement made by the local authority or children previously looked after by a Local Authority (see note 2)
- b. Pupils without an EHC plan but who have Special Educational Needs, or with exceptional medical or mobility needs, that can only be met at a specific school. (See note 3)

Priority 2

Children with older brothers or sisters who will be at school at the start of the academic year and are living at the same address (see note 4).

Priority 3

We will give priority to parents who include a preference for their nearest priority school (see notes 5 and 6). This does include own admitting authority schools who offer a 'nearest priority, but excludes own admitting authority school who do not have a 'nearest' priority in their admissions policy.

Priority 4

We will give priority to parents who choose a Leeds school, which is not their nearest priority school (see note 6).

Tie Break

If we have more applications which meet one of these priorities than there are places available, we will offer places first to children living nearest the school, measured in a straight line (see note 5).

Note 1

If we cannot offer parents or carers a place for their child at any school they put on their preference form, we will offer their child a place at the closest school that has places available when we make the offer (this may include

voluntary aided and foundation schools or academies where their governing bodies have given us permission to do so).

Note 2

Children will receive Priority 1a if:

- they are children currently looked after by a local authority;
- children fostered under an arrangement made by the local authority;
- those who have been adopted from local authority care;
- children who reside with a person named on a Child Arrangements Order immediately following being looked after by the local authority;
- those with a Special Guardianship Order immediately following being looked after by the local authority.

Note 3

Leeds City Council promotes inclusion for all children and young people across the city. In line with the Children and Families Act 2014 and the ethos that every child where possible should be able to have their needs met in local mainstream provision, it is an expectation in Leeds that all mainstream schools are able to provide for all children with low level Special Educational Needs (SEN) and also the majority of children with complex SEN. It is also an expectation that all Leeds schools provide an inclusive and nurturing environment that can meet the needs of those vulnerable children who have social, emotional and mental health needs.

All schools have a duty to provide care and support for those pupils who have a medical condition.

Children with exceptional needs who require additional support above that expected of a mainstream school e.g. blind children who needs access to braille, deaf children who needs access to specialist teachers will usually have an Education Health and Care plan (EHCP) naming a particular school.

Leeds schools are highly inclusive and have developed provision over a number of years to ensure the inclusion and progress if children and young people with SEN and Complex Needs – very rarely is a school unable to cater for a child or young person's needs.

1b admissions priority is specifically for pupils who have a significant physical disability or complex sensory impairment – e.g. pupils with a visual, hearing or physical difficulty or those with pragmatics difficulties/autism, who do not have an EHCP and where higher level FFI funding is in place. It is expected that children and young people that require specific provision to meet additional and SEN needs will have professionals involved with them, these professionals ordinarily will have already alerted the Local Authority to any specific provision that a child needs.

When making an application under 1b you must be able to state the provision that is needed to meet a specific SEN need that is only available in the school of preference.

Applications in this category must be supported by a SEN SIF, available from the Admissions Team, which must include a statement in writing from a paediatrician/doctor or other relevant professional who can evidence why a particular provision is needed over another. Leeds City Council colleagues supporting the application must use the appropriate professionals form available from the Admissions team. The supporting statement must also evidence why the school of choice is the only school that can meet the particular need in question. This is necessary as the LA will be assessing if your child has a stronger case than other children.

Cases will be considered individually by a LA panel and where necessary in consultation with the school that has been preferred.

Advice and support can be sought from the Leeds SEND Information Advice and Support Service on 0113 395 1222.

Note 4

For these purposes, brothers and sisters must be living at the same address as your child. Siblings refers to brother or sister, half brother or sister, adopted brother or sister, step brother or sister, foster brother or sister. The definition does not include cousins or other family members sharing a house.

Note 5

In Leeds we use a straight-line distance system. We use a national computer system to run our school-admission system. As part of this system there is a program that measures the 'straight-line' distance from the centre of the main school building to your home address. The point we measure to at your home address is determined by the Local Land and Property Gazetteer (LLPG). This information provides us with coordinates for every dwelling. If we are not able to match your address with the LLPG then we will use the centre of your dwelling.

In the unlikely event there are insufficient places for two (or more) pupils living in the same building (e.g. flats) or otherwise equidistant from the school, then any final place will be allocated by the drawing of lots.

Note 6

You can apply for any school but the nearest priority only applies to some Leeds schools. You will receive this nearest priority if our school is your closest school by straight-line distance. We don't include Voluntary Aided / Faith schools when calculating your nearest priority school. At the end of the policy is a map showing the general area covered by the nearest priority. This area is calculated by the Leeds City Council School Admissions computer system which measures straight-line distance between our school and each home address. If an address lies on the dotted border, you can confirm whether the property falls into the nearest priority area by contacting Leeds School Admissions team.

Address

For admission purposes, the home address is where the child usually lives with their parent or carer. You must not give the address of a childminder or relative. We will investigate any queries about addresses and, depending on what we find; we may change the school we offer your child. When we make an offer, we assume your address will be the same in the following September as we have on record. If you plan to move house, you must still give your current address. If you move house after the deadline of 15 January 2020 for Primary and Junior places, you must tell us your new address as we may have to offer your child a place at another school.

If it is found that a false address has been given with the aim of fraudulently securing a school place, that place may be withdrawn, even if the child has already started at the school.

Late Applications

If you return the preference form after the deadline we cannot guarantee to consider your preferences at the same time as those received on time. Any primary applications returned after 24 February 2020 will only be dealt with once all other preferences have been considered, unless there are significant and exceptional reasons. Late applications received at that point will be considered before placements are made (where no preference could be met)

Accepting Offers

Parents will be asked to accept the offer of a school place. This will not affect their position on any waiting list for a higher preference, or their right to appeal. Parents who do not wish to accept the offer, or do not accept the offer within a reasonable time, may have the place withdrawn.

Waiting List

After offers have been made on 16th April 2020 for Primary and Junior, parents can ask to go on the waiting list for any school. Waiting lists will also be held for each year group for applications outside of the admissions round. All waiting lists will be held in criteria order of the admission policy and will close at the end of the academic year (July 2020). All waiting lists will be ranked when new applicants have been added ahead of any allocations being made.

Nursery

A place in a nursery does not guarantee a place in the school. Parents must apply for a place if they want their child to transfer to the reception class.

Temporary School Site

If a school has to move to a temporary site for any reason, such as the building being damaged by fire, we will base our distance measurements on the school's permanent site.

Starting Reception Age

We normally only allow children to start primary school in the appropriate age range. You must ensure your child receives an appropriate full time education from the term following their fifth birthday. Almost all children start school in Leeds in the September following their fourth birthday. However, parents can request that the start date for their child is deferred until later in the school year in the case of children who have not reached their 5th birthday. You can also request that your child attends part-time until he/she reaches compulsory school age. If you want a later start date within the academic year you should discuss this with the school. If your child is born in the summer term and you wish to defer entry until the next academic year but remain within the same chronological year group you will need to apply for a place in Year 1.

Deferment for summer born children

Parents of children born between 1 April and 31 August 2020 who wish to defer entry into reception until September 2021 should still apply in the normal admission round for 2020, and indicate this on their preference form, and attach any evidence of the need for deferment from any associated professionals. The parent will be invited to a panel including early years education experts and headteachers where their individual case will be considered. This will ensure the opportunity to reflect on the long term impact of that decision, and balance this against the child's current needs.

Applications outside the normal admission round

All applications outside the normal admission round should be made using an in year application form. The form should be returned directly to your preferred school. If the school is full you will be offered a right of appeal.

The sibling priority will apply to younger and older siblings where families move during the school year.

Where no house move has taken place you will only be offered a place to start at the beginning of the next term, unless no other accessible school place is available to you. You can contact the Admissions Team to find out about vacancies in schools.
