

Bardsey Primary School PE Action Plan 2020-2022

Overall objective

To continue to increase Participation in Sports and PE and develop healthy lifestyles by:

- develop the children's competence to excel in a broad range of physical activities.
- ensure every child is physically active for sustained periods of time.
- prepare children with a happy experience when participating in Physical Education transitioning to KS3.
- facilitate the children to adopt a positive mind-set and believe that anything can be achieved with determination and resilience.
- give children the opportunity to engage in competitive sports and activities/clubs.
- encourage children to lead a healthy and active lifestyle.
- promote children's social skills including teamwork, leadership, fairness and respect.

What we are currently doing

Covid restrictions and regulations have had a huge impact on school sport from the beginning of the school Autumn Term 2020. However, (where possible) all pupils participate in 2 hours of PE per week through which we develop their physical activity, tactical knowledge, fitness and teamwork skills using our Get Set for PE scheme. This is developed through the six areas of activity as set out in the National Curriculum – Dance, Games, Gymnastics, Athletics, Outdoor and Swimming. An external coaching primary school partnership (through the PLT programme) deliver elements of sports coaching in Foundation Stage to Year 6 in sporting activities such as dance, football, rugby, tennis and gymnastics. Year 5 are given the opportunity to swim at a swimming pool in Wetherby and we aim for all pupils leaving school to be able to swim at least 25m. Year 2 and 4 take part in the annual skipping festivals too and prepare for these through specialist workshops and in PE lessons. In addition to the PE curriculum, children are active during the school day with active playtimes and lunchtimes. We also offer a range of extra-curricular physical activities including netball, football and multi-skills. Many children also participate in sporting activities outside of school in and around the surrounding community. These activities are supported by staff and children are encouraged to report their participation and success in these clubs mostly through the Celebration Assembly on a Friday afternoon.

The school is now a flagship school for The Golden Mile initiative where the children aim to walk a mile as part of the school day. Sports Day this academic year (COVID rules dependent) will hopefully continue to follow the format of the morning being skills-based activities with races in the afternoon.

Person with overall responsibility

Mark Knight and Craig Hackworth Monitored by SLT & Governing Body
